# GHS Water Polo Code of Conduct - 2017

The undersigned athlete and parent/guardian of that athlete participating on the Gainesville High School Water Polo Team agrees to abide by the standards of conduct outlined below in addition to those established by the coaching staff for the high school season. All team members are expected to:

- 1. To cheer on their teammates and offer congratulations to opponents, win or lose.
- 2. Wear the designated team suit, cap, and other clothing as prescribed by the coaches.
- 3. Follow the directions of the coaching staff during practices, meets and other team activities.
- 4. Refrain from all illegal or inappropriate behaviors that would detract from a positive image of the team or be detrimental to its performance objectives.
- 5. Respect the facility the team may visit or use. No, athlete shall tamper with or cause damage to any such facility.
- 6. Display proper respect and sportsmanship towards team members, coaches, officials, administrators, fellow competitors, parents, volunteers, and the public. The following are strictly prohibited by the GHS team members at team functions:
  - Cursing, swearing, racial remarks or any other form of verbal abuse
  - Fighting or any other form of physical abuse
  - Use or possession of any non-prescription controlled substance or intoxicants
  - Use or possession of any weapon
  - Use of tobacco or alcohol products
- 7. Promote positive team spirit and moral, which includes being humble in victory and courageous in defat. Deal justly, kindly, impartially, and intelligently with fellow team members.
- 8. Be 100% financially responsible for any damage to any part of their room, or hotel when out-of-town meets require staying at a hotel.
- 9. Always obey the directions of the coaches and chaperons at travel meets. And, specifically remember that male and female swimmers may not be in the same hotel room at any time during a travel meet unless it is fully chaperoned meeting held by the coach or a chaperone in charge.

Failure of either swimmer or parent to comply with the Code of Conduct may result in, but not necessarily be limited to:

- Being prohibited from participating in some of all team activities.
- o Immediately being sent home at their expense from a travel meet.
- o Being temporarily or permanently dismissed from the team.

By signing this agreement, both athlete and parents/guardians agree to abide by this GHS WP Code of Conduct.

### Consent and Release from Liability Certificate for Concussions (Page 2 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

			-	·	
School:				School District (if applicable):	
Concussion	Information	,		_	

### **Concussion Information**

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional and cleared by a medical doctor.

### Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- · Vacant stare or seeing stars
- · Lack of awareness of surroundings
- Emotions out of proportion to circumstances (inappropriate crying or anger)
- · Headache or persistent headache, nausea, vomiting
- Altered vision
- · Sensitivity to light or noise
- · Delayed verbal and motor responses
- Disorientation, slurred or incoherent speech
- Dizziness, including light-headedness, vertigo(spinning) or loss of equilibrium (being off balance or swimming sensation)
- · Decreased coordination, reaction time
- · Confusion and inability to focus attention
- · Memory loss
- Sudden change in academic performance or drop in grades
- Irritability, depression, anxiety, sleep disturbances, easy fatigability
- In rare cases, loss of consciousness

### **DANGERS** if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

### Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

### Return to play or practice:

Following physician evaluation, the *return to activity process* requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

For current and up-to-date information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org

### **Statement of Student Athlete Responsibility**

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotropic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports-What You Need to Know" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

### Florida High School Athletic Association

# Consent and Release from Liability Certificate for Sudden Cardiac Arrest and Heat-Related Illness (Page 3 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

<b>School:</b>	School District (if applicable):	

### **Sudden Cardiac Arrest Information**

Sudden cardiac arrest is a leading cause of sports-related death. This policy provides procedures for educational requirements of all paid coaches and recommends added training. Sudden cardiac arrest is a condition in which the heart suddenly and unexpectedly stops beating. If this happens, blood stops flowing to the brain and other vital organs. SCA can cause death if it's not treated within minutes.

Symptoms of sudden cardiac arrest include, but not limited to: sudden collapse, no pulse, no breathing.

Warning signs associated with sudden cardiac arrest include: fainting during exercise or activity, shortness of breath, racing heart rate, dizziness, chest pains, extreme fatigue.

It is strongly recommended all coaches, whether paid or volunteer, are regularly trained in CPR and the use of an AED. Training is encouraged through agencies that provide hands-on training and offer certificates that include an expiration date.

Automatic external defibrillators (AEDs) are required at all FHSAA State Series games, tournaments and meets. The FHSAA also strongly recommends that they be available at all preseason and regular season events as well along with coaches/individuals trained in CPR.

### What to do if your student-athlete collapses:

- 1. Call 911
- 2. Send for an AED
- 3. Begin compressions

### **FHSAA Heat-Related Illnesses Information**

People suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just isn't enough. Heat-related illnesses can be serious and life threatening. Very high body temperatures may damage the brain or other vital organs, and can cause disability and even death. Heat-related illnesses and deaths are preventable.

Heat Stroke is the most serious heat-related illness. It happens when the body's temperature rises quickly and the body cannot cool down. Heat Stroke can cause permanent disability and death.

Heat Exhaustion is a milder type of heat-related illness. It usually develops after a number of days in high temperature weather and not drinking enough fluids.

Heat Cramps usually affect people who sweat a lot during demanding activity. Sweating reduces the body's salt and moisture and can cause painful cramps, usually in the abdomen, arms, or legs. Heat cramps may also be a symptom of heat exhaustion.

### Who's at Risk?

Those at highest risk include the elderly, the very young, people with mental illness and people with chronic diseases. However, even young and healthy individuals can succumb to heat if they participate in demanding physical activities during hot weather. Other conditions that can increase your risk for heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or alcohol use.

stood. I acknowledge optional educational opportu	vledges that the information on Sudden Cardiac Arrest a inities in cardiac arrest at www.nfhslearn.org. Please go d of the dangers of participation for myself and that of m	to www.fhsaa.org/departments/health for further

## Consent and Release from Liability Certificate (Page 4 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

# Attention Student and Parent(s)/Guardian(s)

Your school is a member of the Florida High School Athletic Association (FHSAA) and follows established rules. To be eligible to represent your school in interscholastic athletics, in an FHSAA recognized sport (i.e. bowling, competitive cheerleading, girls flag football, lacrosse, boys volleyball, water polo and girls weightlifting or sanctioned sport (i.e. baseball, basketball, cross country, tackle football, golf, soccer, fast-pitch softball, swimming & diving, tennis, track & field, girls volleyball, boys weightlifting and wrestling), the student:

- 1. This form is non-transferable; a separate form must be completed for each different school at which a student participates.
- 2. Must be regularly enrolled and in regular attendance at your school. If the student is a home education student or attends a charter school or Florida Virtual School Full time Program or a special/alternative school or certain small non-member private schools, the student must declare in writing his/her intention to participate in athletics to the school at which the student is permitted to participate. Home education students and students attending small non-member private schools must be approved through the use of a separate form prior to any participation. (FHSAA Bylaw 9.2, Policy 16 and Administrative Procedure 1.8)
- 3. Must attend school within 10 days of the beginning of each semester to be eligible during that semester. (FHSAA Bylaw 9.2)
- 4. Must maintain at least a cumulative 2.0 grade point average on a 4.0 unweighted scale prior to the semester in which the student wishes to participate. This GPA must include all courses taken since the student entered high school. A sixth, seventh or eighth grade student must have earned at least a 2.0 grade point average on 4.0 unweighted scale the previous semester. (FHSAA Bylaw 9.4)
- 5. Must not have graduated from any high school or its equivalent. (FHSAA Bylaw 9.4)
- 6. Must not have **enrolled in the ninth grade for the first time** more than four school years ago. If the student is a sixth, seventh or eighth grade student, the student must not participate if repeating that grade. (FHSAA Bylaw 9.5)
- 7. Must have signed permission to participate from the student's parent(s)/legal guardian(s) on a form (EL3) provided the school. (Bylaw 9.8)
- 8. Must be less than 19 years 9 months old to participate in high school; 16 years 9 months old to participate in junior high school; and 15 years 9 months old to participate in middle school, otherwise the student becomes ineligible to participate at that level. Students entering 9th grade in 2014-15 and thereafter must not turn 19 before September 1st, otherwise the student becomes ineligible to participate. (FHSAA Bylaw 9.6)
- 9. Must undergo a pre-participation physical evaluation and be certified as being physically fit for participation in interscholastic athletics (form EL2).
- 10. Must be an amateur. This means the student must not accept money, gift or donation for participating in a sport, or use a name other than his/her own when participating. (FHSAA Bylaw 9.9)
- 11. Must not participate in an all-star contest in a sport prior to completing his/her high school eligibility in that sport. (FHSAA Policy 26)
- 12. Must display good sportsmanship and follow the rules of competition **before**, **during and after** every contest in which the student participates. If not, the student may be suspended from participation for a period of time. (FHSAA Bylaw 7.1)
- 13. Must not provide false information to his/her school or to the FHSAA to gain eligibility. (FHSAA Bylaw 9.1)
- 14. Youth exchange, other international and immigrant students must be approved by the FHSAA office prior to any participation. Exceptions may apply. See your school's principal/athletic director. (FHSAA Policy 17)
- 15. Must refrain from hazing/bullying while a member of an athletic team or while participating in any athletic activities sponsored by or affiliated with a member school.

If the student is declared or ruled ineligible due to one or more of the FHSAA rules and regulations, the student has the right to request that the school file an appeal on behalf of the student. See the principal or athletic director for information regarding this process.

established rules and eligibility have been read	and understood.	on Elability Certificate in regards to the PrishAs
